

# Property Damage Report - Storm Damage

Dear Sir/Madam,

I am writing to report damage incurred to my property during the storm on February 22, 2024. As a holder of a home contents insurance policy, I am seeking prompt attention to this matter.

A severe storm caused significant damage to my residence in the southern part of Cologne, specifically at Mainzer Straße 45, 50678 Köln. The damage includes broken windows allowing water to enter and damage various household items including furniture and electronic devices.

The following items were affected:

- Oak living room table, water damage, estimated current value: EUR 200
- 55-inch Samsung television, water damage, estimated replacement value: EUR 800
- Lenovo laptop, water damage, estimated replacement value: EUR 1200
- Various books and decorative items, estimated current value: EUR 150

I have taken all necessary measures to prevent further damage and ensure safety. I also have photos of the damaged items and the overall damage, which I can provide to support my claim.

I kindly request a prompt processing of my damage report and information about the next steps I need to take. I am available for any queries and can be contacted at my phone number 0221/1234567 or via email.

Thank you for your support in this matter.

Sincerely,

Max Mustermann

Mainzer Straße 45

50678 Köln
